APRIL
Programme Monthly Bulletin

Executive Summary

In April 2026, Care Best Initiative (CBI) strengthened its humanitarian response across Health, Nutrition, Protection, WASH, Education and Food Security sectors in Borno State. Thousands of vulnerable individuals benefited from healthcare services, malnutrition treatment, GBV sensitization, and community engagement activities across MMC, Jere and Dikwa LGAs. CBI also enhanced sector coordination and partnerships through active participation in state-level meetings and collaboration with government and humanitarian actors. Community feedback mechanisms further improved accountability and informed adaptive programming. Overall, CBI continued to promote resilience, preparedness, and access to life-saving services for crisis-affected populations.

Impact At A Glance

HEALTH	NUTRITION	PROTECTION
5000+ Individuals	3,000+ Reached	2,000+ Sensitized

WASH	EDUCATION	FSL
Strong Sector Coordination	Stronger Parnerships and Coordination	Increased Visibility & Partnerships
